

Trade Policy Preferences

By tamu.edu

\$1.00 • \$12.00/hr 5 mins 750 places

This survey explores what factors may drive workers' opinions on trade policies.

This survey consists of 12 questions, many of which are short demographic questions, and should take less than 5 minutes to complete.

This survey requires respondents to be over 18, English-speaking, full-time or part-time employed, non-students, and born in the United States.
